

Three Kings and their Gifts

Gold, Frankincense and Myrrh -- Two of the three were herbal!

Gold

Gold is recognized the world over as a precious metal, and a universal money which could be used in any country.

Frankincense

Frankincense is said to build the immune system and may be a tremendous cancer fighter, helps skin problems, acne, and scars, helps alleviate stress, relieves pain, helps with indigestion and ulcers, helps with colds, coughs, asthma, and bronchitis.

Myrrh

Myrrh is used as a fragrant aromatherapy, used in cosmetics, good for cleansing, itching and wound healing, helps with skin problems, abrasions and wrinkles.

Helps with mouth and dental health and helps with joint and muscle pain.

Don't you think it is interesting...

For thousands of years people have used herbal nutrition for health and wellness. The Bible has over two hundred references to herbs and their benefits to the body.

And yet, the medical community says we don't have enough studies about them.

Muscadine Grapes have hundreds of vital nutrients and powerful antioxidants, hundreds of research studies showing significant benefits to the human body.

***Amazin*Grape may be the MOST economical way to nourish your cells.**
